There was a crying female child has been found (around 11 AM) near Devar Statue - Madurai Road, without the guardian or parents. The police has enquired with the availed neighbours and floating people. There was no possible for to impart care. Hence they brought her to our organisation. If there is any possible to receive her in your home please accept it.

At present our organisation staffs have been went to kerala for Exposure trip. So we request to you kindly impart care to this female child, atleast upto monday. After that we shall try to arrange to send her to Kennet foundation or any other organisation.
